The Volleyball Summer Camp will help your son/daughter get acquainted to our program and learn the Venice Volleyball way of doing things. We will learn the game of volleyball that we play, as well as our strength and conditioning program. All girls will receive instruction from our Varsity Coaches.

We also fundraise during the summer. It is too late to wait till teams are picked in August to properly do this. We will have incentive programs for players whether they make the team or not.

ALL athletic paperwork will need to be submitted BEFORE the first day.

Summer volleyball is a great way to meet new people and become acquainted with the Volleyball Family.
