The Volleyball Summer Camp will help your son/daughter get acquainted to our program and learn the Venice VB way of doing things. We will learn the game of volleyball that we play, as well as our strength and conditioning program. All girls will receive instruction from our Varsity Coaches. Space will be limited.

Championships are not won at the end of the season; They are won during the off season!!! This summer we will continue what we know is a great tradition at Venice High School, but it will take a lot of hard work from all of us. Many players will be getting acquainted with Venice Volleyball and our veterans will be trying to earn the program's 7th State Championship. Volleyball is the only girls sport on campus with 3 teams: freshmen, jv, and varsity. No experience is necessary.

Also, we fundraise during the summer. It is too late to wait til teams are picked in August to properly do this. We will have incentive programs for players whether they make the team or not.

Summer volleyball is a great way to meet new people and become acquainted with the Volleyball Family.
